NO. 1

View of the College From the Air.

Whitworth College, named after Rev. Geo. F. Whitworth, D. D., had its origin in the establishment of a Presbyterian academy at Sumner, Washington. The institution was chartered as a College and became the official college of the Synod of Washington in September, 1890. It was removed to the city of Tacoma in February, 1900, where it did a very high grade of scholastic work until it was removed to its present site in the whispering pines just north of the city limits of Spokane. Whitworth College is located in one of the most delightful and salubrious valleys in eastern Washington on a plateau valley, surrounded by mountains and in the midst of 200 acres owned by the College, 40 of which are set apart exclusively for campus purposes.

## A CHRISTIAN COLLEGE ON A PRESBYTERIAN FOUNDATION

McMillan Administration Building

*What Whitworth College Is:* First, it is a Christian College; second, it is located in the Synod of Washington and the Inland Empire which this College serves. The Synod of Washington and the Inland Empire which this College exclusively serves is as large in area as New England, New York, Pennsylvania, New Jersey, Delaware and Maryland. In this territory it has no Presbyterian competitor. Third, it is a Presbyterian College. The nearest Presbyterian college on the south is Albany, 450 miles away. The nearest exclusive Presbyterian college to the east is Jamestown, North Dakota, 1500 miles distant, and if you go as far north as the Arctic Circle, you will find no other Presbyterian college.

*Its Ideals:* First, it stands for the Deity of Christ, the Bible is taught as the Word of God, not simply containing God's Word. The sacrificial death and the Saviourhood of Jesus Christ are emphasized. Second, it maintains the very highest standards of scholarship, being a full standard college. Third, in the realm of service it is interesting to know that practically all the students are Christians and over 25 per cent are "life service" recruits for Jesus Christ, for its idealism is to train leaders for state, and church, and the world. Fourth the College prohibits smoking, gambling, drinking, profanity, obscenity and stands for and inculcates a pure life.

*Why Do We Need a Christian College?* First, to train leaders for the world and develop in them strong, stalwart, moral character. Second, we need Christian colleges as a torch waving aloft the Truth. Third, we need Christian colleges as a citadel against

error, sin, crime. The Leopold-Loeb case has accentuated the fact that our state institutions are not equipped to train in the realm of character building so the Christian college must do this.

*Equipment:* The College has seven buildings, 200 acres of land, a perfect athletic field, ball grounds and tennis courts. Second, it has six laboratories, an abundance of classrooms, large library, as beautiful a chapel as there is in America, nine pianos in the Music Department, adequate typewriting equipment, good dormitories and healthful surroundings. There has never yet been a death at the College.

*Courses:* Liberal Arts leading to degree of B. A.; Scientific leading to B. S.; Christian Education Course, Ph. B.; Secretarial Course, Music, Oratory, including Dramatics, Domestic Science and Academy.

*Needs of the College:* First, it craves the hearty cooperation of all Presbyterians in the Synod of Washington and since it is a Synodical College, it is entitled thereto. It also looks to the larger and stronger churches in the East for such support in education as they give to the church and missions. Second, for the coming year it must have \$20,000 additional income to what it has been receiving in the last two years. The College needs \$1,000,000 of endowment. A campaign therefore started October 1, 1925, and will be continued until \$1,000,000 is raised.

The empire builder, James H. Hill, said when he was alive, "The small Christian college is the hope of America. Character is essential to statesmanship and these colleges are vital factors in the development of sterling character."

THE COLLEGE IS ACCREDITED

1925-26 pledge endowment, not as yet paid in, estimated to yield.....	75,000	
Total endowment, actual and potential.....	105,000	
Making a grand total of the resources of Whitworth College.....		\$343,800.00

---

BASIC IDEALS OF WHITWORTH  
WHITWORTH COLLEGE HOLDS AND TEACHES THAT—

- I. The Bible is the Word of God.
  - II. Christ was God Incarnate and therefore Deity.
  - III. Christ's teachings embodied the wisdom of the ages, Divine Truth and newly revealed Heavenly Knowledge; for to quote His hostile critics "He taught as never man taught."
  - IV. The practice of the teachings of Jesus Christ is a panacea for all social, economic, governmental and international ills. The function of the church is to set forth and secure the adoption and the practice of these teachings.
  - V. Students in college should be so taught that their minds will always remain open for the reception of and the assimilation of Truth.
  - VI. Science is yet "on the way" and has not compassed the whole realm of Truth as yet; therefore such theories as Organic Evolution are to be treated as theories and not by any means as established facts.
  - VII. The supreme purpose of this institution which is a standard college, and not a Bible School, is the development of such strength in Christian character in its students, that they will be able to withstand the rigorous attacks of modern agnosticism and atheism and go forth into society as contributive and constructive members thereof.
